

New Product – Key Facts

Product:

IRWIN® Bi-metal Blue Safety Blades

- Snub nose blade design helps to reduce the risk of accidental puncture wounds
- Shatterproof Bi-metal blades combine the best of two metals electro-welded together for superior performance and safety
- Bi-metal blades stay sharp up to 3x longer than carbon steel blades

Application:

- Ideal for cutting environments where safety is important
- Reduction of accidents in the workplace

FITS MOST KNIVES
The two notch blade design fits most utility knives

SHATTERPROOF
The spring steel backing combined with dual hardening of the blade makes our blade more durable, and shatterproof.

CUTS THE TOUGHEST MATERIALS
Great for cutting drylining, insulation, flooring, roofing and more.

REDUCE ACCIDENTS
Reduce the risk of accidental direct puncture wounds

3x LONGER LIFE
Due to the High Speed Steel edge the blade stays sharper up to 3 times longer

EXCELLENT PENETRATION
Perpendicular blade junction gives excellent blade penetration
